Section 1 - Introduction

This directory provides a list of Quality Health Plans of New York's network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage.

This directory provides a list of Quality Health Plans of New York's network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage.

You will have to choose one of our network providers who are listed in this directory to be your Primary Care Physician (PCP). The term "PCP" will be used throughout this directory. Generally, you must get your health care coverage from your PCP. Your PCP is a Health Care Professional who meets state requirements and is trained to give you basic medical care. You will get your routine or basic care from your PCP. He or she also may talk with other doctors and health care providers about your care and refer you to them. Your PCP will also coordinate the rest of the covered services you get as a plan member. For example, in order to see a specialist, you usually need to get your PCP's approval first (this is called getting a "referral" to a specialist).

The "network providers" listed in this directory have agreed to provide you with your healthcare coverage. You may go to any of our network providers listed in this directory; however, some services may require a referral. If you have been going to one network provider, you are not required to continue going to that same provider. In some cases, you may get covered services from non-network providers.

If a non-network provider asks you to pay for covered services, ask the provider to bill Quality Health Plans of New York first. If you receive a bill from a non-network provider, submit the bill to us for payment at:

Quality Health Plans
Attention: Claims Processing
P.O.Box 340397
Tampa, FL 33694-0397

We will pay the non-network provider for our share of the bill and will let you know what, if anything, you must pay. If you have already paid for the covered services, submit the bill and proof of payment to the address above and we will reimburse you for our share of the cost.

You must use plan providers except in emergency or urgent care situations or for out-of-area renal dialysis or other services. If you obtain routine care from out-of-network providers, neither Medicare nor Quality Health Plans of New York will be responsible for the costs.

What is the service area for Quality Health Plans of New York?

The county in our service area is listed below.
